

# Hiking

*Walking is by far the best way to explore the nature around Uddeholms Hotell and discover the interesting details of flowers, butterflies and birds. Several described walks of different length and difficulty start from the hotel or at places nearby. Moreover several companies are specialized in guided walking tours, Nordic walking or husky walks. Ask for them at the desk.*

## Uddeholms Hotell

The best offer comes from Uddeholms Hotell. The hotel has developed and described 14 different hiking tours with different lengths, from 1 hour up to 5 hours. The descriptions with detailed maps are for free, you are only charged for copy costs. You can even download these descriptions from [www.activerouteshagfors.com](http://www.activerouteshagfors.com).

Most tours are perfect to do it the "Nordic Walking" way. Nordic Walking sticks are for rent at the reception of the hotel.
